

Parking becomes easier around Vets on White Hart Lane!

Hopefully parking around us is about to get easier. We wanted to thank you for your patience while the water mains on the Terrace were being replaced.

A controlled parking zone is being introduced which will hopefully stop commuters taking all the parking spaces.

As you can see from the map the hours of restricted parking are only between 9-11am Monday to Friday.

Outside these hours you can park in any of the **resident** or **business bays**.

During 9-11am you can still park for 1 hour free of charge in any of the **orange bays** on the map.

The **orange bay** right next to the clinic on **Thorne Street** is the only exception. It allows you to park free of charge for up to 1 hour throughout the day (8-6.30pm Mon-Fri and 8-12pm Sat).
